

Australian Government

How to use this document

This document is written in an easy to read way.

We use pictures to explain some ideas.

Australian Government

This document was written by the Australian Government.

Some words are written in **bold**. These words are the name of something.

This document is about getting financial support for your **electricity bill**.

Australian Government

What is an electricity bill?

Everyone pays money for services like electricity and water.

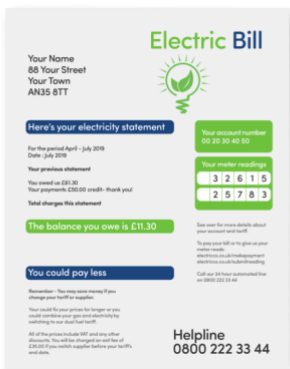

Your **electricity bill** tells you how much money you need to pay.

Getting support for your electricity bill

The Government is giving out **credit** to help everyone pay their **electricity bills**.

Credit is extra money which means you will pay less on your **electricity bill**.

How will you get your electricity bill credit?

Most people will get their **credit** as part of their **electricity bill**.

The **credit** will show up on your bill as money that you do not have to pay.

Australian Government

What do I need to do?

Most people do not need to do anything.

People living in different types of homes

Some people live in apartments, caravans and retirement homes.

People in these types of houses will need to apply to get their credit.

You will still get the **electricity bill credit** if you move house.

Australian Government
